2. CORE DESCRIPTION

The Attorney General is the attorney for the state, representing the legal interests of Missouri and its state agencies. As the state's chief legal officer, the attorney general and his assistants engage in five critical activities on behalf of Missourians and our state:

****Prosecuting Criminals:** The Attorney General's Office prosecutes a wide range of criminal matters at the trial level, including death penalty cases, child sex crimes, and other serious matters. The Attorney General's Office prosecutes these cases either by appointment as a special prosecutor, or as an assistant to the locally elected county prosecutor. The Attorney General's Office also prosecutes cases involving fraud of the state's Medicaid program. Aside from prosecutions at the trial level, the Attorney General's Office also handles the appeal of every felony criminal case appealed to the Missouri Supreme Court and the intermediate courts of appeal.

****Protecting Consumers:** The Attorney General's Office enforces Missouri's consumer protection laws, antitrust laws, and prosecutes security fraud. As part of its consumer protection function, the Attorney General's Office also enforces Missouri's No-Call law, which reduces unwanted telemarketing calls to Missouri families.

****Conserving the Environment:** The Attorney General's Office protects Missouri's natural resources by taking legal action to stop pollution, seek monetary fines and penalties, and in the most serious cases, criminally prosecute those who violate Missouri's environmental laws. Additionally, the Attorney General's Office enhances agriculture and the quality of life for rural Missourians by enforcing Missouri's agricultural laws, and protecting the state's interest in the Missouri River.

****Serving Missouri:** The Attorney General's Office serves as legal counsel to over 30 Missouri state agencies, boards and commissions. The Attorney General's Office handles referrals from these agencies and advises them on legal matters.

****Defending Missouri:** The Attorney General's Office defends state officials, state agencies and their employees in all types of civil litigation, including constitutional challenges to state law.

This electronic submission replaces the need for prosecutor staff to hand write or type each arrest disposition card of the fingerprint card and mail to the Central Repository, where it would be manually entered into Missouri's criminal record system. The electronic submission also is being used to populate demographic and charge fields in the Court's case management system. In return, prosecutors are receiving case numbers and first docket dates back from the Courts. Effectiveness can be measured in part by the number of counties trained/assisted by criminal history improvement specialist.

7b. Provide an efficiency measure.

The case management system was designed to increase the accuracy and timeliness of reporting disposition of arrest records and any other criminal history reporting required by law to the Missouri Criminal Records Repository, eliminating duplicate paperwork and increasing the accuracy of criminal records for all individuals and agencies within the State of Missouri. The intent of sending automated records to the MSHP and the Courts is to decrease the workload of their staff by eliminating duplicate entry of criminal records and manual entry of initial court filing information.

7c. Provide the number of clients/individuals served, if applicable.

One Hundred Twelve (112) county offices currently use Prosecutor by Karpel™. Six (6) counties currently use manual reporting. 100% of counties served.
